

Off to College?

Your Next Steps - Checklist

Find in-network providers near campus and transfer any prescriptions to a nearby pharmacy. Look at the Contact page for websites and phone numbers for your plans.

Remind your college bound child(ren) that they have access to telemedicine services anytime of the day or night for minor medical conditions and behavioral health services.

Check out your paid time off benefits to plan college visits and help your student move into their dorm or apartment.

Contact the Employee Assistance Program if you need personal support during this transition.

Repay your student loans faster with Student Loan Refinancing assistance through Fidelity.
