

Meet ALEX[®]

ALEX is an online tool that helps you select the best benefit plan for you and your family. When you talk to ALEX you'll be asked a few questions about your health care needs, and then ALEX will crunch some numbers, and point out what makes the most sense for you. And anything you tell ALEX remains between the two of you, so don't be afraid to really let loose about that weird tooth thing.

How long will this take?

Most users spend about 7 minutes with ALEX, but it really just depends how much guidance you'd like. And, if you set up an ALEX ID, ALEX can even save your place, so you can leave to get some peanut brittle and then pick up right where you left off.

Can I use ALEX on my phone?

Oh yeah. ALEX is optimized for any device you've got.

Can I trust ALEX with my secrets?

Yes! Your ALEX experience is totally private and secure.

How should I prepare?

You don't need to do much of anything. ALEX will ask you to estimate what type of medical care you might need this year (doctors visits, surgeries, ER visits, prescriptions, etc.), so you may want to tally those up and talk to your family about their needs, but ALEX can also help you come up with some estimates.

How does ALEX know what plan is best for me?

ALEX takes the amount each plan would cost you out of your paycheck (your premium) and adds that to the amount it would cost for the services you said you might use. Then he'll recommend the least expensive plan for your needs.
