Real support for real life.

Wellness seminars and management trainings are an important part of the Employee Assistance Program (EAP) benefit.

Your EAP offers access to a broad range of seminars to help employees and managers reduce stress, stay healthy and perform at their best – which helps your organization perform at its best, too.

The EAP wellness seminar and management training catalog has over 175 topics to offer to your workforce. These seminars have been researched and developed by subject-matter experts. Our seminar presenters are licensed clinicians and/or professional speakers with extensive experience in the field of employee assistance and counseling.

Wellness seminars are generally an hour in length and management seminars are one to two hours. Most presentations include a combination of lecture, discussion, experiential exercises and handouts.

Your Employer Service Coordinator team can help you explore all of the offerings to find the right fit. They can identify an individual seminar or suggest topics to create a multi-seminar series.

Planning a seminar

How do I make a request?

To request a seminar for your employees, please contact your **Employer Service Coordinator team at 800.577.9391 or eshcomments@cigna.com**.

What is the cost?

Your company has purchased a bank of Employer Service Hours (ESH) that may be used for on-site services, including wellness seminars. The number of ESH deducted is dependent on the length and type of the seminar selected.

Please refer to your organization's policy governing the use of ESH, or contact your Employer Service Coordinator team for more information.

Can I host a webinar or virtual seminar?

Seminar topics are available to be presented in a webinar format. These are scheduled in the same manner as an in-person training. Your organization is responsible for all technology to support webinar delivery.

EAP seminar materials are copyrighted and cannot be recorded, modified, or reproduced.

What if I need to change or cancel a scheduled seminar?

If there is a need to cancel, change, or reschedule a seminar, please call the **Employer Service Coordinator team at 800.577.9391** at least five business days in advance of the seminar date.

Please note that ESH will be deducted from your account for cancellations/changes with less than five full business days' notice.

EAP seminars are intended for domestic audiences only. They are not available for international audiences.

Pre-seminar to-do list

Plan ahead

Please give us at least 4 weeks notice (6-8 weeks notice for legal or financial seminars)

to allow enough time to organize an effective seminar for your organization.

1. Review your organization's training needs when selecting a topic. Consider:

- Offering orientations to the EAP to better understand the benefit
- Mandatory training needs
- Employee or manager skill development opportunities
- Recurring issues or needs in the workforce (e.g., parenting or senior care needs, health or fitness information, diversity, stress management)

2. Contact the Employer Service Coordinator team to initiate a seminar request:

- Review team schedules and calendar to determine preferred dates and times for a seminar. (Please note the time frames required for your selected topics in the seminar listing.)
- Complete the Seminar Request Form and email to eshcomments@cigna.com
- To consult on available topics that meet your training needs, contact the Employer Service Coordinator team directly at **800.577.9391** or eshcomments@cigna.com

3. Complete housekeeping and logistical tasks:

- Book conference room for on-site seminars or create webinar link for webinar presentations.
- Schedule equipment and tech support availability (site is responsible for providing any technical equipment, such as laptop or projector).
- Send out a seminar announcement or webinar link to expected attendees using your internal promotional channels: intranet, email, etc. Promotional communications will be provided by your Employer Service Coordinator team.

1-2 weeks prior

- Make contact with the presenter to confirm date, time, directions, security procedures, room or webinar setup, and estimated number of participants. Discuss any special concerns you have about the seminar or audience.
- Send reminder notice to expected attendees through identified communication channels.
- Confirm equipment/tech support.
- Alert security and/or front desk that presenter will be coming to the site.

Day of presentation

- Work with presenter and/or tech support to ensure that equipment is functioning properly. For virtual presentations, log into webinar platform early to troubleshoot any technical issues.
- Be available for any problems.
- After the seminar, complete HR seminar evaluation form that was provided to you from your Employer Service Coordinator team. This feedback helps us improve the quality of future seminars.

To coordinate a seminar, please call 800.577.9391 or email eshcomments@cigna.com
